## STALCUP THE NEW COACH TO TAKE HENRY IBA'S PLACE

FORMER STUDENT IS HIRED TO COACH BASKETBALL NEXT YEAR.

### PLAYED UNDER IBA

Stalcup Was Member of 1932 Team—Runner-Up In National Tournament.

Wilbur N. Stalcup has been offered a position as instructor in Physical Education and coach of basketball and has accepted. In selecting Mr. Stalcup the fact that the College is foremost in this section of the country in developing basketball teams is recognized. So, too, is the practice common in many of the colleges and universities of this country of employing graduate coaches.

Mr. Stalcup spent four years in this college, earning letters in three major sports. He was a member of the team which was runner-up in the national tournament at Kansas City in 1932 and received all American mention. Last year he coached the high school at Jackson, Mo., which was the runner-up in the state tournament and was generally regarded as the best-coached team in the tournament.

Mr. Stalcup is now approximately the same age as Mr. Iba was when he

## SPEECH DEPT. REOPENS UNDER PROF. MILLER

NEW COURSES AND ACTIVITIES ARE PLANNED FOR 1933-'34 SCHOOL TERM IN ALL CLASSES

### MASK AND GAVEL AGAIN

Trips to Several Nearby States Planned for Debaters This Coming Season.

Three extensive debate trips, two tours with full length plays and several with one-act plays, the radio broadcast of plays and programs over nearby radio stations, and a new course in Speech Education in the Elementary School are the feature activities of the Department of Speech for the coming year as announced by Mr. Miller, chairman, who returned to the campus at the beginning of the summer session after twelve months graduate study towards his Ph. D. degree in speech at Columbia University, New York City.

The major debate trip of the year will be made to the biannual national convention of Pi Kappa Delta—national honorary debate fraternity—which is to be held in Lexington, Kentucky. Debates on campuses in the states of Missouri, Illinois, Indiana, Kentucky, Ohio and, perhaps, Iowa will be had enroute; others with institutions from these and other states throughout the country will be had at the national speech tournament held in Lexington at the same time as the convention. The College will also be represented in oratory and extempore speaking in this tournament. The usual trip into Iowa, South Dakota and Nebraska, and the other customary one into Nebraska, Kansas and Missouri will be made, according to Mr. Miller. Plans are being made to include among others in the debate schedule the state universities of Kentucky, South Dakota, Nebraska and Missouri.

English Department  
Miss Mattie M. Dykes Dr. Anna M. Painter, (Chairman of Department) Miss Ruth Lowery

Miss Estella Bowman Miss Carrie Hopkins  
The Department of English offers to students the opportunity to attain competence in the use of language for utilitarian, social, and artistic purposes. One of the marks of an educated man or woman is the ability to use the mother tongue with ease and precision. Some knowledge of the abundant literature written in English, and of the trends of contemporary thinking and writing, is expected of every person of any education or culture. The English Department is devoted to building up a proper respect for good English and to giving students a wider acquaintance with the best that has been thought and said.

The Department, under the direction of Dr. Painter, offers both majors and minors in the field. Special courses are given to those who are interested in some particular phase of the work.

The Social Science Department  
Dr. O. M. Mehus Dr. H. A. Foster A. J. Cauffield (Chairman of the Department)

T. H. Cook  
The Department of Social Science has arranged the courses in its majors and minors so that they will fulfill the highest standards set for teachers of these subjects in the elementary and secondary schools of Missouri.

An entirely new step in the field of the social sciences has been introduced in the form of a major and minor in the general field of social science. The courses required for this major and minor are specifically stated and form a composite whole.

Majors and minors are also offered in the social sciences subjects of economics, history, political science, and a minor in sociology. Some of the courses in geography are classes as social science. The social studies present problems which are of vital interest to those who desire to know the truth.

## Alumni Notes

Miss Myrle Lyle, B. S., '27, A. B., '29, who is teaching mathematics and science in the High School at Versailles, Illinois, is spending the summer at her home in Maryville. Miss Lyle, who visited the College for a while last Friday morning, recently spent a week in Colorado.

Lloyd Hartley, B. S., 1923, who was a teacher for several years but is now in the cabinet-making business in Bozeman, Wyoming, located about one hundred miles north of Yellowstone National Park, was at the College for a short time last Friday morning. Mr. and Mrs. Hartley are spending a few days vacation in Maryville.

Garland Miller, B. S., 1925, who is now superintendent of schools at Fayette, was at the College last Thursday afternoon.

Perry Eads, B. S., 1925, who has been teaching at Okmulgee, Oklahoma for the last several years, was at the College last Thursday afternoon. Mr. Eads is head of the Activities Department and the History Department of the High School at Okmulgee. Before going to Oklahoma to teach, Mr. Eads taught for a year in the Maryville high school.

Leston H. Webb, B. S., 1923, former Bearcat star athlete and coach of athletics at the Bethany High School visited with friends at the College last Monday. Mr. Webb for the last few years has been in the insurance business in the State of Washington. His present address is Sunny-side, Washington, but he is moving soon to the city of Yakima, Washington.

## YOU CAN ATTEND COLLEGE IN MARYVILLE FOR LESS! WHY PAY MORE?

Board and Room  
Approximate Costs at Residence Hall for Girls are given below. This is an ideal place for girls to stay.  
Board and room for year—\$165.00

(This is at the rate of \$55 a term of three months or at the rate of \$18.33 a month. The cost is \$55 a term if paid in advance and \$60 if paid in two installments of \$30 each.)

Incidental and Activity fee (\$17.50 each term for three terms)	52.50
Estimate—Laundry (three terms)	20.00
Estimate—Supplies and incidentals (Three Terms)	\$17.50
Book fee—(Three Dollars may be returned)	5.00
Total	\$260.00

NOTE:—The costs for men students at the College for a year are approximately the same as for the girls at the Residence Hall. However, there are men students and women students who spend considerably less than this amount for a year and give full time to their class work. Of course those who do light housekeeping or who work part time, spend less. Working one's way through College while in College has come to be looked upon with some disfavor for the simple reason that sooner or later one must have the knowledge in order to make good in some line of work or profession and too much outside work hinders one in getting this information or knowledge. The State has arranged this school so that ordinarily students should not have to work to pay their way while enrolled in College since the costs are no greater than for school in their home towns.

## STUDENT RECITAL

William Holdridge, of the faculty of the College Conservatory of Music, will present Miss Darlene Schneider, in a graduate piano recital in the College Auditorium, Monday July 24 at 8:15. The public is cordially invited to hear this program which is as follows:

Sonata in A, Scarlatti.  
Prelude, Fugue and Variations, Franck.  
Rhapsody in G minor, Brahms.  
Valse Oubliee, Liszt.  
The Maid With the Flaxen Hair and Claire de lune, Debussy.  
May Night and Birdsong, Palmgren.  
The Brownies, Korngold.  
The Hurdy-Gurdy Man, The Old Musical Box and The Rocking-Horse, Goosens.

### New Courses.

Donald Valk, member of the faculty of the Industrial Arts Department of the College, has announced that some new courses in his department will be offered next year. The courses are Descriptive Geometry, Pattern Making and Foundry Practice, General Metals, (this course is to take the place of Sheet Metal course 102), and Auto Mechanics.

Several graduates of the College are completing the work for the M. A. degree at the University of Missouri this summer. Among the men are the following: Ernest Stalling, Barnard; Arvol A. Adams, superintendent of schools, Ridgeway; and Cecil Jenkins, county superintendent of school of Andrew County, Savannah.

There is probably no fully accredited college in the United States where one may study at lower costs than at the Northwest Missouri State Teachers College at Maryville. By careful economy, \$250 to \$260 should cover all expenses for the regular academic year of nine months, not including clothing. The College Cafeteria serves excellent food at astonishingly low prices.

## FRESHMEN ARE TO ENROLL TUESDAY SEPTEMBER 12TH

PLANS FOR ASSEMBLY AND OTHER MEETINGS ARE ANNOUNCED.

### COOPER IN CHARGE

Upper Classmen Will Enroll Wednesday, September Nineteenth, According to Plans.

Enrollment of Freshmen will start with an assembly on Tuesday morning, Sept. 12, 1933. It is desirable that each freshman be present for this meeting. Full instructions will be given for enrollment. The steps in enrollment will be as follows:

First: A student who has not attended this college previously, should have a transcript of his high school credits filed with the registrar, Miss Nell Hudson, Room 203. If the student has any college credit in another institution, a transcript, together with a statement of honorable dismissal, should be filed. All enrollments will be treated as temporary until such transcripts are filed with the registrar.

A student who has attended this College previously will get his course book from the registrar, seeing that the registrar has entered on it all the credits to which he is entitled.

Second: All enrolling students secure blanks at the information desk in the West Library on the first floor of the College Building. Each student will then go to his or her adviser who will assist in making program, and who will sign the enrollment card when the program is completed and approved. Before a program card is to be approved by an adviser it must be approved by a member of the faculty of the department of Physical Education. Placards will indicate Freshman advisers and other class advisers. Students who have chosen their majors will be advised by the chairman of the departments in which the major is taken. High school students will secure blanks and enroll in Room 101. After first two days' enrollment, cards are supplied by the Registrar.

Third: All girls will have their program cards checked and approved as to living quarters by the Dean of Women at her office in Room 209 at the east end of the second floor. Students who have not already secured living quarters may secure a list of approved homes from the Dean of Women. A list of rooming places may also be found in room 212, Mr. LaMar's office.

Fourth: The incidental and activity and library replacement and laboratory fees are to be paid to the Treasurer in Room 115 on the first floor of the College building. A receipt and an activity card will be given. After the first days of enrollment the Treasurer will be at the Citizens State Bank. These fees are not subject to refund.

Fifth: Book deposit is to be made at the table adjoining the Treasurer's desk in Room 115 on the first floor of the College building and receipt is to be secured, which entitles the student to

Dr. Uel W. Lamkin  
President of the College

President Lamkin is not only one of the foremost educators and leaders in the United States but he is also one of the directors of the World Federation of Education Associations. President and Mrs. Lamkin are now on their way to attend the sessions of the World Federation of Education Associations which are soon to be held in Ireland. Young men and women who come to this College find a true friend and adviser in Mr. Lamkin.

THE FALL TERM AT THE COLLEGE WILL OPEN ON TUESDAY, SEPTEMBER 12.

## OUR COLLEGE AT A GLANCE

This pictorial issue of the Northwest Missourian, the College paper published under the direction of the student editor, is being mailed out to the 1933 high school graduates in Northwest Missouri in addition to those people on the regular mailing list.

Only a few of the pictures of the faculty members and chairmen of the various departments of the College are shown in this issue. It is thought that perhaps these pictures will present to those interested some idea of the Institution, those connected with it, and the scope of the work offered. A bulletin bearing more information concerning Departments and courses will be mailed to those receiving this paper in the near future.

High school graduates, Junior College graduates and other young men and women who are interested in higher education and are planning to enter some college or university, are hereby invited to investigate thoroughly the many advantages which this College provides.

Those interested should visit the College and consult the proper school officials, chairmen of the different departments or faculty members, concerning the various fields of study at the institution. If the information desired is not contained in this bulletin, please feel free to write for particulars on the specific field in which you are interested.

Many of us are prone to put off doing the thing we should today, until tomorrow. Many of us see the glittering object in the distance but fail to see the diamond at our feet. There have been boys and girls graduated from Northwest Missouri high schools who have overlooked their own College at Maryville, a College provided for them by taxes paid by their own people.

Many times these students have gone to schools far and near have paid enough money for one year of training to have paid for two or three years of equivalent training at this College. Frequently high school graduates spend so much money for their first year of College training that they are not able to go for a second year. If they had chosen carefully, perhaps they would have been encouraged to have completed a college course. Eventually they might have been able thereby to have gone on for more training or advanced degrees in the school which by chance may perhaps have grown in their imagination to be the school of their fancy or dreams.

### Equipment

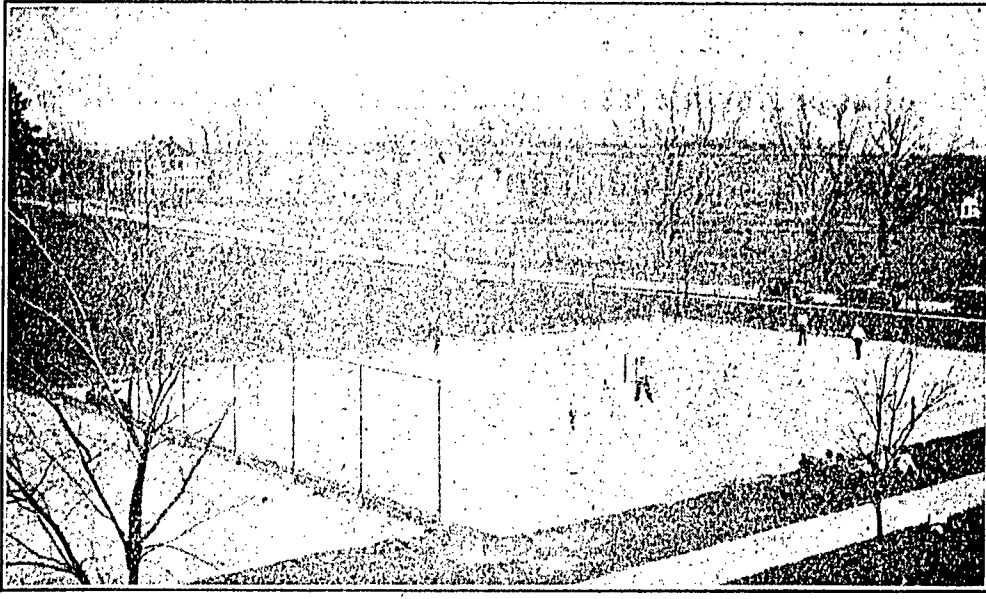

The College campus and farm comprises 320 acres of the best land in Northwest Missouri. The seventy-two acre campus is one of the most interesting and beautiful campuses to be found anywhere. The chief buildings on the campus are, the large Administration Building, the Residence Hall for girls, the Gymnasium and the Industrial Arts Shop.

The College Farm is equipped with the regular modern farm buildings.

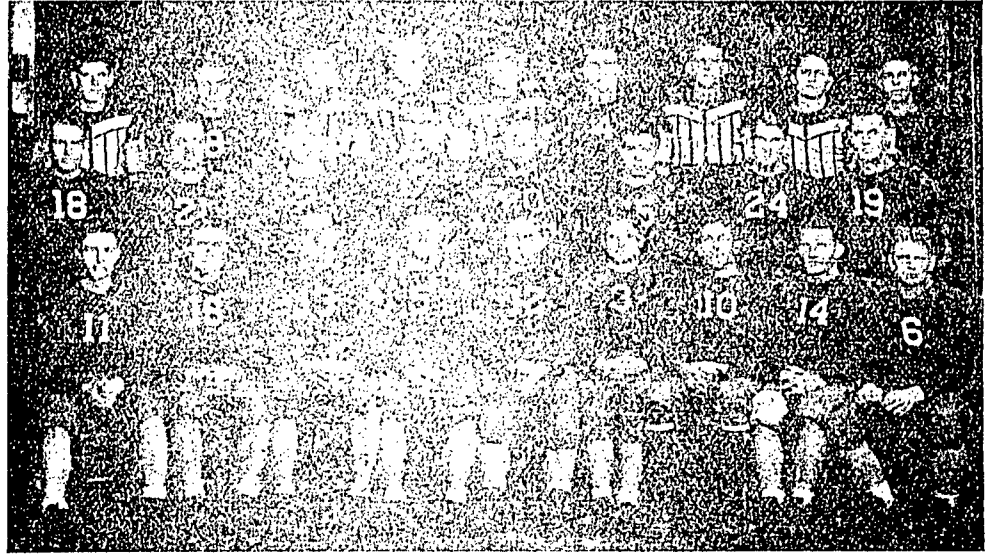

### GET AN EDUCATION!

It is true that there are people who have an education who have no jobs and therefore no pay, just as there are those who have no education, no jobs and no pay. Americans have always stressed the money value of an education, and perhaps rightly so.—But—Isn't it true that there are values other than money which an education affords which money cannot buy? "Time waits for no man." Get an education!

## To My Public

Dear Public:

What a patient group you are, waiting each week for this morsel of nobodies business... Just ran across the Stroller and she told me that Wayne Furst made the terrible mistake of trying to chew tobacco and play tennis at the same time. It's best not to try it, especially when it takes most of your effort for the tennis part, let alone looking after a wad of trouble like tobacco... Scottle put him up to it and then spent the remainder of the evening watching the results. Dan Blood managed to coach a mistake on the part of the "buzzer girl" at the dorm just in time to prevent a tragedy... Hallock knows her stuff but isn't fast enough to get away with it... Just dropped by the circus grounds and saw the tents being put in place and caught Ruth Miller carrying water for the elephants while Mitzel filled the buckets. These Kindergarten Circuses are quite the thing. Pink lemonade, pop corn, peanuts, chewing gum, candy, ice cream cones, cracker jacks and balloons... Complete in every detail... Don't miss it tonite just west of the main building... Wooderson about half baked after a Sunday in the sun... what a sight for an Unguentine salesman... Sarah Kate Siddens falling for an old gag by asking Dunham the why of something and finding out that "Snappy" makes hobbyhorses... Marr and O'Conner still looking for Gracie Allen... Dropped into Miss Pike's office to make sure that the duties of her office were not getting too heavy and offering my assistance in case they were... Faculty play night—baseball in the rain for the Battery benefit... Local Boy Scouts came out to the College field with their band and drill team but forgot to bring their direction book along and the fellow in charge could be heard to give orders like this: "Here I go, everybody follow me" and "everybody stop," etc., etc. The guard was mounted a couple of times just to put him in his proper place. All in all there won't be any more business for Taxidermists if the boys insist on mounting their own guard... After emphatically denying that the trip north had any other purpose than to provide a little fishing, Bill Pearson announced on his return that his stock was again on the market. (Knox having sold out at a profit some time earlier this week)... Regular Hollywood style, this taking a trip that means "absolutely nothing" and then announcing the break on the return... Well Hank'll be going pretty soon and Stalup will be moving in... McCrean managed a bit of butter flipping on the trip Sunday in front of a bunch of strange girls which is to be expected... He got the idea from Ed Morgan though and beat him to the butter. This time the boys went to Princeton, the next trip will probably be Honolulu or some other close-in place... We might take in the Fiji Islands but they don't speak our language... Prof. Garrett threw us a "curve ball" this week in 105 but most of the gang managed to hit it... will see you in a trance,

Sourly,  
Humps.

The dorm girls wish to announce to C. J. Merrigan that the dorm closes at 11 o'clock on Friday evenings. Hereafter when he wishes to remain later please obtain permission from Miss Neely.

We didn't know that Delmas Liggett was a fibber until he went out to look for a school the other evening.

As is most customary someone always shows off on our Y. M. C. A. Gospel team trip. This time it was Grayson McCrea, who gave a swell imitation of a tap dancer juggling a pound of butter, and succeeded in bouncing it off of his shoulder and catching it on his knee.

In appropriate wearing apparel and armed with convenient apparatus Miss Defenbaugh and her roommate sallied to the aid of their friend Electa Bender who was perched perilously on the edge of the bed beating the radiator and howling for help.

Fairy succeeded with the aid of a tennis racket and a newspaper to drive the intruder into a waiting bath towel held by the roommate. Outside the window the towel was rapidly unfolded and the culprit was unmercifully flung back into the dust. Mister Timmons informed the advanced algebra class that three times one are four? Are it?

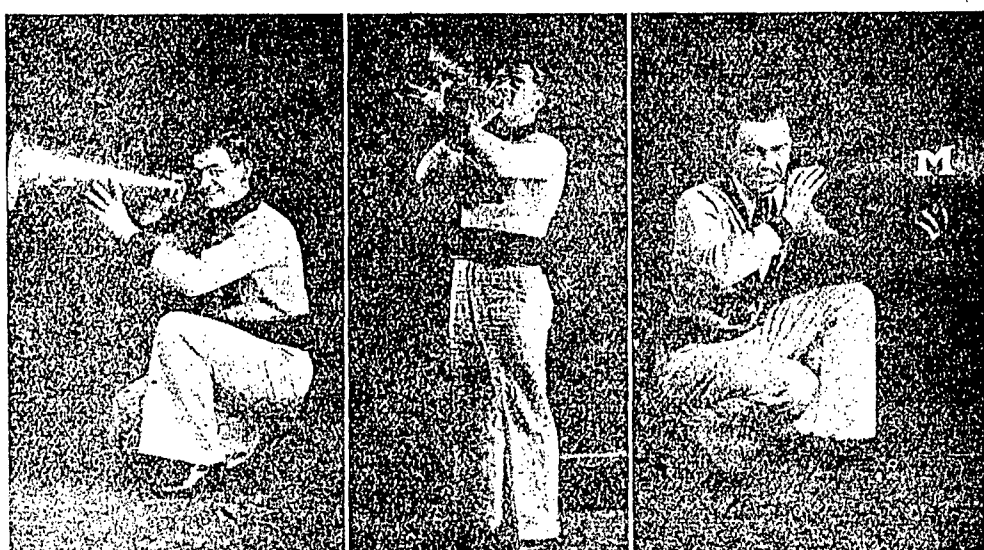

The editor wishes us to realize that Rockefeller is no longer in a class by himself, since he has two quarters, three dimes and a penny.

Miss Nadine Wooderson wishes to know why she didn't grow more when she was a child. She's changed her story.

Some sport is provided for every student, from golf to football. The women's departments are especially busy providing interesting extra curricular work for those who desire it. The Women's Athletic Association functions the year round under Miss Martindale's supervision.

Rumor also has it that Wooderson Siddens, Lackey, Walker, Yates, Gist, Mansur, and Jackson are all burned up about something. They are sure a touchy outfit these days. Red shoulders and a shiny nose besignal a rousing week-end. The Person-Knox differences have kindled anew. This time they even gave back their ten-cent store jewelry. Some old unreadable love letters were also returned to be perused at idle hours. Mr. Person wishes to state that he has again put his stock on the market for some unsuspecting young female.

Pauline Carroll and Helen Craven wish to announce that they are not sisters, cousins, twins nor any blood relation, however, they will forgive people for getting their names mixed. This is one time when the Morgan genius went wrong.

## RESIDENCE HALL

Residence Hall Front

This large dormitory is a modern and attractive home for 140 girls who come to the College. It is an interesting educational institution in itself. It provides a social, recreational and educational training which is unique, which every girl should have, and which is not provided at many schools. One-half of the lower floor of the building is occupied by the large College Cafeteria and the other half is given over to the College Conservatory of Music with its many pianos and practice rooms. On the second and third floors, the girls have their private rooms, parlors and reading rooms, with piano, radio, fireplace and other attractions which make the Hall a delightful place in which to live.

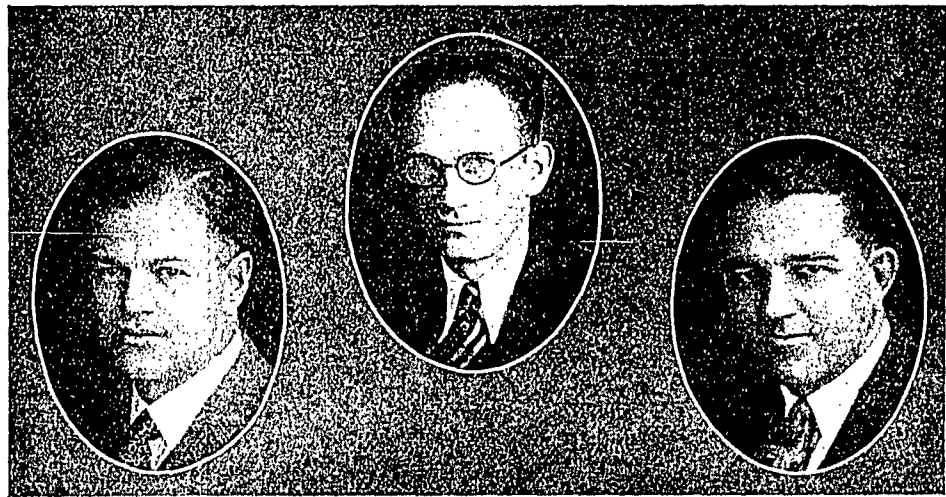

Department of Home Economics  
Miss Ruth Blanshan Miss Hettie M. Anthony  
(Chairman of Department)

This department offers both a major and a minor in Home Economics as well as a major in Smith-Hughes.

Home Economics is an ever broadening field and its curriculum is constantly changing. Home Economics is often thought to consist of classes in cooking and sewing only. This early conception has changed, however, until now the subject is studied in relation to sociology, genetics, chemistry, biology, and art.

At present time, courses in Home Economics are elective, but it is believed by leaders in the field that courses in the science of home making will eventually be required for both men and women.

## Campus Society

### Newman Club Picnic

The Newman Club enjoyed a picnic at Pumpkin Center Wednesday, July 12. After a delicious picnic supper was served games were played. The party came back to the Newman Club, 311 West Third, later in the evening and danced.

Those present were: Miss Katherine Franken, Hilda McGowan, Frances Rupe, Mary Timmons, May Fitzmaurice, Lucille Chambers, Jewell Beckner, Doris White, Dorothy Neal, Mildred Heck and Velma Helton, Messers. Kenneth Hantze, Joe Arnote, Dale Neely, George H. Hepburn, John Timmons, and Albert Fike.

Misses Sara Kate Siddens, Lucille Lackey, Elizabeth and Eleanor Crawford, and Nadine Wooderson spent the week-end at Big Lake. They were accompanied by Miss Helen Smith of St. Joseph, Mo.

### Surprise for Miss Weiss

Last Thursday, July 13, the five o'clock swimming class had a surprise steak fry for Miss Mercedes Weiss. Twenty-three attended the picnic which was held in the College Park and all twenty-three had an enjoyable time.

Miss Mercedes Weiss spent from Friday until Monday in Milwaukee, Wis., with her father who is ill.

Marion S. Guilleams spent the week-end in Kansas City with friends.

Miss Grace Gallatin returned to her home in Omaha, Missouri, after several days with friends.

Miss Helen Busby visited in Maryville a few days. She left Thursday for Clarinda, Ia., where she will spend a short time with Miss Evelyn Wiley, a former student of the college.

## At the Theaters

### Missouri

Tonight only, "Jennie Gerhardt" from the story by Theodore Dreiser, gives a true to life picture of a misguided love and a girl that is willing to sacrifice everything for it. The cast is headed by Sylvia Sydney who is supported by Donald Cook, Mary Astor, H. B. Warner and Edward Arnold.

On the Stage, 9:30-10 p. m. Virginia Bennett Revue, night club settings, "The Big Broadcast," 12 well trained people.

Friday and Saturday—Ralph Morgan and Sally Blane in a new Fox Thriller, "Trick for Trick." This story of the exposure of "black magic" will thrill and amaze you; don't miss it.

Sunday, Monday and Tuesday—"Hold Your Man." The warm little Jean Harlow and Clark Gable team again give the "heat thirsty" their share of excitement. The new Harlow technique used on the effervescent Mr. Gable is worth checking up on. This latest Anita Loos story is well presented.

Wednesday and Thursday—"I Love That Man," starring Nancy Carroll and Edmund Lowe. The story of a gangster and his gal who do the confidence game up right. It has a thrilling climax that involves a bank robbery. This show is sponsored by the members of the M. E. church Epworth League.

## SPEECH DEPT. REOPENS UNDER PROF MILLER

(Continued from Page 1)

Mr. Miller also states that the usual fall play will be produced both locally and also taken on tour to play before at least two college or high school audiences. A series of one-act plays to be presented on the local campus before the Mask and Gavel Club or in Assembly will also be taken to nearby communities in the district. Certain of these and other special programs are to be offered for broadcast.

All of these activities are open to all students enrolled in the College.

## STALCUP THE NEW COACH TO TAKE HENRY IBA'S PLACE

(Continued from Page 1)

came to Maryville four years ago. Mr. Stalcup has had three years of coaching in the system which Maryville teams now use and the style of play that has met the approval of patrons will be continued.

In football and track Mr. Stalcup won his letters by conspicuous service. As a student he carried his scholastic work with credit to himself and to the college. He was president of the student body during his senior year. He is clean in his personal habits and has the energy and ability to make good as a leader of college men. The College has every confidence in his being recognized and supported by the students of the college from which he graduated and by the community in which the college is located.
